Rules

LLB comprises 40 modules. 35 compulsory modules and 5 optional modules. Student must take Introduction to the Theory of Law, Skills course for law students in first year of registration. Minimum duration is 4 years. Maximum of 20 exemptions may be granted from another University.

Students have until 2015 to complete this qualification. From 2016 students will be transferred to Bachelor of Laws (98680).

TRANSITIONAL ARRANGEMENTS

Students who have, between 2002-2006, passed accepted language modules in Afrikaans and English will retain credit towards the completion of the LLB and need not register for the Skills Course for Law Students (SCL1501).

Students who have passed only one language module must register for the Skills Course for Law Students (SCL1501).

Students who passed only IND201V or IND202W retain credit for the module passed and must not register for IND2601 but must register for FAC1503.

Students who have passed ILW1014 and ILW1025 as well as IND201V and IND202W must not register for FAC1503.

Students who passed LCR401R and/or LCR402S may not register for LCR4806.

Students who passed LPL413C may not register for either LPL4804 or LPL4805.

Students who have passed both ILW1014 and ILW1025 retain credit for these modules and may not register for ILW1501. Students who have passed only one of ILW1014 or ILW1025 retain credit for the module passed and must register for FAC1503 and not for ILW1501.

Students who have passed EVI1024 or EVI302B retain credit and may not register for EVI3702.

Students who have passed FAC1502, ACN103 or TXN202 will retain credit for one of those modules and may not take FAC1503.

Students who have passed CRW101V retain credit for that module and must not register for CRW2601 or EUP1501.

Students who have passed EVI2016 retain credit for that module and must not register for EVI3702.

Students who have passed MRL302N retain credit for that module and must not register for MRL4801.

The LLB degree comprises FORTY MODULES which include thirty five compulsory and five elective modules. Some curriculum changes came into operation in 2008 and 2010. New compulsory modules were included in the curriculum, namely EUP1501, FAC1503, PVL3704 and LJU4802.

Students who have already progressed quite far with their curriculum may find that this means that they have to do more than thirty five compulsory modules. Therefore they will have to do fewer than 5 electives, because only 40 modules are required to complete the qualification. Credits will be given for all modules already passed (e.g. credit will be given for both IND201V and IND202W which have now been replaced by IND2601).

Only in exceptional cases may a student be allowed to register simultaneously for succeeding modules in legal subjects.
