

**Have you checked your examination timetable? Do you know when and where you will write your examinations?**

Unisa has experienced significant growth in student enrolments. Consequently, not all students could be accommodated at certain examination centres according to the provisional timetable that was available at the time of registration. This has necessitated several changes to the original, provisional examination timetable.

The university will mail your final examination timetable in September 2010. Full details of your examination timetable will also be available on **myUnisa** (<https://my.unisa.ac.za>) as from **6 September 2010**. You will receive further information in this regard via **SMS** and e-mail sent to your **myLife** e-mail address.

Unisa examinations will be written from **18 October to 19 November 2010**. Please ensure that you are at the correct venue on the scheduled date and time as reflected on your final examination timetable.

If you require further information, please call the Unisa Contact Centre on 0861670411 or e-mail us at [Exams@unisa.ac.za](mailto:Exams@unisa.ac.za) (indicate your student number in the subject heading field).
