Working Group Session

You are cordially invited to the 3rd 2026 series of CGS-facilitated Catalytic Niche Area Working Group meetings for Aviation and Aeronautical Studies. The theme for series 3 is “Cultivating Emerging Scholarly Voices within Catalytic Niche Areas”. In this series, we aim to strengthen the integration of emerging scholars, particularly M&D students, postdoctoral fellows and early-career academics, into catalytic niche area research ecosystems.

GUEST PRESENTER:

Mr Siphon Matshie

Presentation Title:

State Drawing the Line Between Private and Commercial Drone Use: Interpreting “Commercial Outcome, Interest or Gain” under South Africa’s Part 101

Wednesday, 2 September 2026
14:00 – 15:00

Join the Session on MS Teams
