Natural Sciences (Biotechnological studies), 8. Health Studies/Medicine, 9. Feminist, Womanist, Bosadi Theorisations, 10. Student Support and Co-Curricular Activities.

Working Group Session

You are cordially invited to the 3rd 2026 series of CGS-facilitated Catalytic Niche Area Working Group meetings for Marine Studies. The theme for series 3 is “Cultivating Emerging Scholarly Voices within Catalytic Niche Areas”. In this series, we aim to strengthen the integration of emerging scholars, particularly M&D students, postdoctoral fellows and early-career academics, into catalytic niche area research ecosystems.

GUEST PRESENTER:

Dr Zibusiso Moyo

Presentation Title:

Determinants of the blue economy: African evidence

Tuesday, 8 September 2026
11:00 – 12:00

Join the Session on MS Teams
