Overview and Important Information

Welcome to Lexis® Library.

This document sets out how to register as a Lexis[®] Library user, using our Self Registration method.

What is Self Registration?

Self-registration is an alternative way to access your LexisNexis online research subscriptions. These products include Lexis® Library, Lexis® Practical Guidance and Lexis® Assure.

Users that traditionally accessed their subscriptions via an IP-fixed account will now be able to log onto the above solutions from any location, without having to be on a company network such as a VPN connection.

A simple conversion process will provide each user with their own set of credentials and the freedom to access relevant subscriptions on desktop and mobile devices as and when needed.

When can I register as a user?

Your organisation's Administrator will communicate the commencement date to you. Please do not attempt to register prior to this date.

Do I still need to register if I have credentials for Lexis® Library?

Yes, you do. Your credentials can no longer be used after the commencement date.

How long will the registration process take?

You only need to complete the registration process once. It takes 3-4 minutes to complete, depending on your internet connectivity.
