Sinemukela ngaletifutfumele kuLiviki leLucwalingo neKucamba Lokusha le-Unisa. Kulomnyaka sigubha umkhosi wesikhombisa weliviki lelucwalingo nekucamba lokusha, kujabulisa kakhulu futsi kubona kutsi lomkhosi wemnyaka wekucamba lokusha nalovula indlela uloku ukhomba indlela futsi ulinganisa imikhosi emkhakheni wetfu nasemmangweni, ikakhulu ngoba iphat selene nekugucuka kwayo kanye nendzima lebalulekile lefanele kutsi idlalwe lucwalingo ekukhombeni indlela nasekuchubeni leyo ajenda.

Kuleminyaka lesikhombisa leyendlulile, umsebenti wetfu welucwalingo bewuloku uphokophele ngemandla kukhulisa telucwalingo nebacwalingi betfu kutsi ube sikhungo lesenta kahle kakhulu lokutawufaka sandla ngalokwakhako – futsi, lokubaluleke kakhulu, indlela *lefundzisako* – ekugcileni kulucwalingo netento letitawufaka sandla ekusimameni kwelikusasa letfu: labo base-Unisa, kanye nalabo belive letfu nelivekati letfu, konkhe lokuhambisana nembononchanti wesikhungo setfu wenyuvesi *lowakha likusasa* ekusebenteleni bantfu.

Ingcikitsi yetfu yaleliviki Iwelucwalingo itsi "Lucwalingo Iwekusimamisa likusasa letfu," futsi imiselwe esakhiweni lesicinile lesendlalwe tingcikitsi letengcile kucinisekisa kuchubeka kwemklamo wetfu welucwalingo nekubumbana kwetinkhulomo lesifanele kutsi sitibambe.

Kulomnyaka tivakashi tetfu letitikhulumi tiniketa loko mhlawumbe lokubufakazi lobucinile bekwehlukahlukana kutelucwalingo kuvelonkhe nakumave emhlabo, lenginicinisekisa kutsi kukhonjisa ngalokulinganako kutemfundvo nekufundzisa. Ngiyati kutsi letinkhulomo leti tiyachubeka kulo lonkhe lelivekati, nasemaveni emhlabo, njengesichumanisi lesilunchungechunge setinsayeya tenhlalo letihlangene letilukhuni, temnotfo netepolitiki, kungalingani lokukhulu ngekwetenhlalo, kuhamba kwebantfu ngebunyenti, kanye nekubhidlika kwendzawo yetemfundvo yesintfu lephakeme kwenta kutsi kubanjwe lucwalingo lolungasilo Iwekutfufkisa ngalokuphelele kuphela futsi/noma lolugcile ku-STEM. Kunekutfokota lokukhulako kwesidzingo lesiphutfumako selucwalingo Iwesayensi yetenhlalo neyebantfu lolutawusita ekusombululen ietinkinga letikhulako. Kutfokotisa ngalokwecile – futsi, njengemuntfu lofundze ngemmango nekutiphatsa kwebantfu kutenhlalo, angisho nje ngitsi kuyawutfokotisa umphefumulo – kubona kukhula kwelucwalingo kulomkhakha, lebewuloku unganakwa ngemave emhlabo. Nembala, kuyangijabulisa kubona lesifinyeto seligama lets STEM kutsi manje sesikhulisiwe saba ngu-STEAM ngekutsi kufakwe luhlavu A, lolumelele *i-Arts* (temasiko) emcondvweni wato lobanti, njengoba lona ngumkhakha lobalulekile

Iofuna kutsi siwunake ngalokuphelele.

Ngako-ke ngifanele kutsi ngihalalisele Dkt. Selematsela nalabo lesisebenta nabo emkhakheni weTelucwalingo, Tifundvo Talasebaphotfulile, Tekucamba lokusha neKutsengisa ngekutsi bahlanganise Iuhlelo lolukhulu lolucinisekile kutsi lutawufaka ekhatsi umkhakha wetfu wetelucwalingo lowehlukahlukene.

Tivakashi letihloniphekile, nine bekunene, tingucuko temprucuko yebantfu tibangelwe taphindze futsi tabunjwa kufuna kwati kwebantfu. *Sidzingo setfu sekufuna kwati* sihlala njalo sehlula kwesaba intfo lengatiwa, nemoya wetfu wekucamba nekwakha lokusha nawo ngalokufananako wente sicciseko sekutsi linyenti laloko lesikufundzile kutfutfukise bantfu kwaphindze futsi kwabaphumelelisa – ekusimameni kwetfu njengebantfu nanjengepulanethi. Lapho khona leligama lelitsi Ingucuko Yetimboni Yesine lingundzabamlonyeni nako konkhe loko lelihambisana nako litfola kunakwa ngemave emhlaba, tsine silapha eluphikweni lolusentasi kakhulu ne-Afrika silwa timphi tetfu tetingucuko, tekukhula, netentfutfuko – lekungenteka kutsi tingevakala noma tingevakali kumihibahiba yeNgucuko Yetimboni Yesine. Sifundzile, futsi sisachubeka nekufundza kutsi nanome nje "kute indvodza [noma make] longema yedvwana njengesihlahla," nanoma kunjalo siyamenya kutsi siyosebenta ngekhatsi emkhakheni wetfu, ngalesinye sikhatsi sitfutfukise lucwalingo nekwenta tintfo letinsha letifanele kutsi tentiwe lokungenteka kutsi tiphikisana naletu

temave emhlaba. Sifanele kutsi sitetsembe uma senta loko, kanye nekutsi sitsatse indzawo yetfu.

Loku kuyafaneleka kakhulu nakubukwa letinkhulumomphikiswano letichubekako kwamanje letimayelana nelwati loluhamba embili kanye nemtselela walo lochubekako kanye nekwengamela kwemfundvo lephakeme netindlela tekwenta, ikakhulu tindlela tekwenta lucwalingo lwetfu. Ekubambeni tinkhulumomphikiswano, sitawube sengenta enhubeni yekutitfola wena lucobo Iwakho ungumuntfu kanye nekutinikela lokuphatselene netindzaba letiya ngco emongweni wekutsi kusho kutsi kuba ngumuntfu wase-Afrika.

Kwephetsa, balingani bami ngekwemsebenti, nine bekunene, mhlawumbe liphutu lesingatsi kucabanga ngalo: kulesimondzawo samanje setepolitiki lesime mantontolwane nalesivusa imiva kunengoti mbamba yekubanjwa ngumkhuba wekutfutfukisa buciko bekukhuluma nekwenta ticubulo letivamise kufaka ekhatsi kukhuluma lokungwingwilitako, lokulahlako lokucondziswe kubaholi labanyenti labahlukahlukene. Ningalenti liphutsa, sisibona ngalokuphelele sidzingo sekuba netindzawo etikhungweni tetfu tako ngco kwetfula imiva yakho ngemlomo ngemandla. Ngiyatetsema kutsi i-Unisa inato leto tidzawo. Liviki lelucwalingo lingulenye yato.

Nanoma kunjalo, asingakhohlwa kubona lucwalingo lolubalulekile lolwentiwa lubuye futsi lukhicitwe khona lapha kulenyuvesi nakulemanye emagatja etikhungo tetfu lapha nakuletinye tindzawo

kulelivekati *khona manje*, lekutsi ngalesinye sikhatsi kuvele nje emsindvweni lowenta kutsi kungeviwana. Uma ngabe sicaphela indzawo yetfu ngekwelisiniso kantsi futsi sitinikele mbamba etfutfukiseni lucwalingo ngenhloso yekuba nemanyuvesi ase-Afrika lanetingucuko, nalangakagwamandvwa, emandla etfu-ke afanele kutsi acondziswe ngalokulinganako ekuvumbululeni, ekukhangiseni kanye nasekwabelaneni ngalama-athikili, tishicilelwa nalokunye lokwentiwe ngulabanye bafundzi betfu base-Afrika.

Ngako-ke, lapho nilungiselela kutfokotela leliviki, mhlawumbe ngingakhutsata sonkhe kutsi sicabange ngekutsi i-Unisa, lekunguyona inemtapolwati lomkhulukati kulencenyе lesentasi neningizimu Afrika, ingacala kanjani kugcogca, ifake kumakhathalogi iphindze futsi ikhangise imisebenti yebacwalingi betfu lemayelana naletindzaba letibaluleke kangaka, nekutsi tisebenti tetfu tetemfundvo tingasitana kanjani ngekusebentisa nekucaphuna ekuhleleni kabusha iharikhulamu yabo naselucwalingweni lwabo, kufaka ekhatsi nalapho betfula tinkhulumo etikhomfeni nasetingcungcutseleni.

Enkhulumeni yetfu yekuvula tifundvo kulomnyaka ngikhulume ngesidzingo setfu njengenyuvesi kutsi siyekele *kukhuluma* nje kuphela ngetingucuko *kepha sitente mbamba* letingucuko. Lucwalingo nekwenta tintfo letinsha kungaba futsi kufanele kube sibonelo lesihamba embili saloko kutimisela. Sifanele kutsi ngabe sitfutfukisa lucwalingo lwetfu futsi sesekela bacwalingi betfu.

Emanyuvesi atiwa ngekutsi yimibhoshongo yelitinyo lendlovu, letimele yodvwa le khashane lengakahlobani ndzawo naloko lokwenteka emimangweni layisebentelako, kungako-ke simenywa kutsi sikhombise ngalokungenakuphikiswa kutsi ecinisweni loku akusilo liciniso. Lucwalingo nekwenta lokusha kufanele kutsi kususwe lesimo sekwentiwa sengatsi yintfo lengakholweki kute kuvumele kuLanganyela lokubanti, futsi tikhungo telwati tifanele kutsi tibe nemandla futsi titsatse tinyatselo leticinile tekufaka umtselela kutentfutfuko naku-ajenda yenchubomgomu kute kusitakale ummango nemhlaba jikelele.

Nginifisela tingcoco letiyimphumelelo, letenta ingcondvo kutsi icabange naletifikana umdlandla kulelivi lapho khona sigubha umkhosi welucwalingo nekucamba lokusha e-Unisa.
