Place names

In South Africa, two kinds of place names may be distinguished: traditional African place names and English or Afrikaans place names. Most of the bigger towns and cities have English or Afrikaans names; however, these places are also given names by the Setswana people. For example, Johannesburg is known as *Gauteng* in Setswana; Cape Town as *Kapa*; Pretoria as *Tshwane*, Rustenburg as *Tlhabane* and so on.

In Setswana we can use the prefix *kwa*- in front of a place name to indicate location, e.g. *gae* (home) > *kwa gae* (at home), kwa *Gemistoni* (at / to Germiston), *kwa Ceasars Palace* (at / to Ceasars Palace, *kwa Kempton Park*

(at / to Kempton Park). The suffix -ng is used with the noun to indicate location, e.g. ntlo (house) > ntlong (at the house

Please feel free to exchange any of the place names in the table above for place names of your choice.
