DHET UCDP: ENHANCING STUDENT SUPPORT AND 4IR READINESS IN AN ODEL ENVIRONMENT

BASIC SKILLS IN ONLINE EXAMS (MYEXAMS) JANUARY/FEBRUARY 2023

Are you ready for the online exams? Do you have the basic skills to complete a Quiz/MCQ assessment or a File Upload assessment? These are some of the questions you should ask as you prepare for the upcoming examinations. To ensure that you have the required skills to participate in the examinations successfully, we will be hosting a series of student webinars that will focus on the following:

- ✓ How do you navigate the online examination platform (myExams)?
- ✓ What are the different online assessments you can expect?
- ✓ What is a proctoring app, and how will it be used in the examination?
- ✓ What is academic integrity in an online examination?
- ✓ What provisions are made for students with special needs in an online examination?
- ✓ What are some of the Frequently Asked Questions (FAQs) and current challenges among students?

The student webinars will be on MS Teams, where you will find a facilitator who can assist with any challenges in navigating the exam platform.

Attached is the training schedule and the links to join the sessions.
