## **DIRECTORATE: COUNSELLING** AND CAREER DEVELOPMENT

# Student Mentor Programme

UNIS

Define tomorrow.

JNISA

#### What is the Student Mentor Programme?

The Student Mentor Programme is a volunteer programme aimed at empowering senior students to become the Champions of Graduateness and Success at Unisa. Staff members of the <u>Unisa Directorate: Counselling and Career Development</u> will train and mentor students who are accepted into the programme in terms of their graduate development, who will, in turn, be able to provide mentoring to others in terms of their career management and learning skills.

### Why join the Student Mentor Programme?

Participation in this exciting programme will provide you with valuable opportunities to develop your graduate skills, including personal, career, and learning skills. These skills are invaluable workplace skills. The programme involves basic and further training, group and individual supervision sessions, online career management activities, reflecting on your development and compiling a career portfolio.

If you are selected, you will receive mentoring from counsellors in terms of your graduateness development. The focus of the programme is to enable you to

- define personal learning goals for your academic, career, and personal development;
- develop career management skills for maximum employability;
- demonstrate how the experience as a student mentor has supported your academic, career, and personal development;
- demonstrate how your experience as a student mentor has enabled you to support others; and
- contribute to the development of other students, as a mentor.

#### What are the requirements?

The Student Mentor Programme is available to a limited number of senior Unisa students, who meet the following criteria:

- You are a registered Unisa student in 2023.
- You have passed at least 20 modules for your 3-year diploma or degree or at least 30 modules for your 4-year qualification.

- You are in your final year of a three-or four-year diploma or degree, or you will be registered for an Advanced or Postgraduate Diploma or Honours degree, from any field of study.
- You have maintained an average academic performance pass mark of 65% in the modules you have registered for.
- You have your own device (e.g. laptop, mobile phone or tablet) and you can connect to the internet to participate in the Student Mentor Programme activities Unisa will not provide you with a device or data.
- You are passionate about volunteerism.
- You are not full-time employed.
- You are a self-starter and a hard worker.

#### What does the programme entail?

The programme will consist of the following:

- Basic training workshop
- Completing activities for an online development programme
- Online and on-campus supervision sessions (individual and group)
- Completion of a portfolio of evidence to illustrate how you have developed because you participated in the programme.

Before you decide to apply to become a Student Mentor, you need to carefully consider what participation in the programme will demand from you.

The following is an indication of the time that the programme will require from you.

Activity	Time required
Basic Training	2-3 days
This workshop will focus on reflection and reflective writing,	
developing a career portfolio, communication skills, self-knowledge,	
reflecting on your strengths and areas of development, setting	
goals and developing a learning plan, and mentoring (the role of	
mentor and mentee). This training may take place online depending	
on the regional centre	

Online development programme4 hours per weekYou will complete online activities related to your graduateness development. Topics include About Unisa, decision-making, building effective relationships, career management skills, employability skills, and learning skills. The online activities may be completed at the DCCD or where you have access to the internetOnline (Microsoft Teams) or on- campus: 1-2 hours every second week (depending on the regional centre (depending on the regional centre)Online (Microsoft Teams) or on- campus: 1-2 hours every second week (depending on the Centre)Mentoring others8 hours per monthStudent mentors will reflect on what they have learnt (from studies at Unisa and the mentor programme) and then indicate how he or she will want to mentor others. 	You will develop a portfolio to help you reflect on your development	

Student Mentors may be active during February, March, April, July, August, September, October, and November, depending on the Centre you will be training with. You should carefully consider whether your current study workload and personal commitments would allow you to participate fully.

#### Important note

Many of the student mentor activities take place online, e.g. you will need to complete the online development programme on myUnisa and attend group discussions on Microsoft Teams. You will therefore need your own device (e.g. laptop, mobile phone or tablet) and be able to connect to the internet to participate in these activities. Unisa will neither provide you with a device nor data to connect to the internet at home.

#### Where will the Programme be offered?

This programme will be available at the following Unisa centres in 2023:

EASTERN CAPE East London Mthatha WESTERN CAPE Parow KWAZULU-NATAL Durban and Pietermaritzburg GAUTENG REGIONAL CENTRES Sunnyside (Building 14), Ekurhuleni, Johannesburg, Florida, Vaal

GAUTENG

Sunnyside (DCCD Central Unit at Es'kia Mphahlele registration building)

NORTH EASTERN REGION

Polokwane, Middelburg, and Nelspruit

#### Before you decide

You must determine what goals you want to reach through participating in the programme. Ask yourself what you want to gain from participating in this programme on a personal, academic, and career level. These will form the goals that you would want to pursue during the year.

Self-directed learning forms an integral part of this programme. The input provided by your mentors in terms of training, empowerment, supervision and role-play sessions, forms only one part of your activities. The balance of the empowerment depends on self-directed learning in the form of participation in projects and reflection on activities, experiences, thoughts and feelings. The level of your development will ultimately depend on the amount of self-directed effort put into your learning and development.

Note that this is a volunteer student mentor programme and no remuneration will be received. Your role as a student mentor does not link to any other Unisa contract or permanent position, current and in the future.

## Steps to apply

#### Complete the online application form

You will need to sign in with your Unisa username and password (the details you use to access *myUnisa* and your *myLife* e-mails). If you need to reset your password, please go to <a href="https://www.unisa.ac.za/sites/myunisa/default/Forgotten-UNISA-password">https://www.unisa.ac.za/sites/myunisa/default/Forgotten-UNISA-password</a>.

Before you start your application, have an electronic copy of your ID, CV, proof of registration, and academic record for you to upload these with your application. Take care in completing your form since you will be invited for the selection interview based on the information you provide. Please discuss any problems with submitting the online form with Mr Vusumuzi Penyane

(penyavm@unisa.ac.za) or Ms Leza Deyzel (deyzel@unisa.ac.za).

The closing date for applications for 2023 is 17 February 2023.

#### What happens after I have applied?

We will consider your application and you may be invited to participate in a selection interview at the Centre you indicated on your application.

#### Need further information?

Send your enquiry to counselling@unisa.ac.za.
