School of Interdisciplinary Research & Graduate Studies (SIRGS)

INVITATION

CGS Interdisciplinary Webinar

“Research methodologies in support of postgraduate studies in the wake of sustainable development goals”

This webinar is aimed at highlighting the importance of research methodologies in the context of Post Graduate Studies to realise the United Nation’s Sustainable Development Goals.

Dr Itani Madiba is a senior researcher at Unisa and a fellow of the iThemba LABS-UNISA UNESCO AFRICA Chair Nanosciences & Nanotechnology. He holds a doctorate degree in Physics. His work is mainly focused on smart materials engineering for water, energy and bio applications within the strategic portfolio of research and development, collaborative stake holder relations and in-depth know-how towards other aspects of capacity building. Dr Madiba has produced in excess of 30 journal publications in accredited ISI indexed scientific journals and is the recipient for the 2015 Swiss government excellence research award. Recently he is the Director for technology transfer and communication at NanoEnergy for Sustainable Development in Africa (NESDAF).

DATE: Wednesday, 12 May 2021
TIME: 09:00 - 10:00
TO ATTEND: Join the Webinar on **MS Teams**
