CONSTITUTION OF THE ECONOMIC FREEDOM FIGHTERS STUDENT COMMAND

Preamble

ECONOMIC FREEDOM FIGHTERS STUDENTS COMMAND is a radical and militant student Economic Emancipation Movement which brings together revolutionary students, fearless, radical, and militant Activists, under the need to pursue the struggle for economic emancipation which is intertwined with free education. The EFF SC derives its existence from the constitution of EFF, it is governed by and adheres to the policies and programmes of the EFF.

The EFF SC takes lessons from the notation that “political power, without economic emancipation is meaningless”. The Movement is inspired by ideals promoted and practiced through organic forms of political leadership.

The EFF SC draws inspiration from Marxist-Leninist and Fanonian schools of thought on its analysis of colonialism, the education system, imperialism, race and class contradictions in every society. The EFF SC draws inspiration programmatically from Heterodox economics, whose conception of development in post-World War II is the most possible, coherent and cogent form of developmental path.

Through organic engagement and constant relationship with the masses, ECONOMIC FREEDOM FIGHTERS STUDENTS COMMAND provides clear and cogent alternatives to the post-colonial economic systems, which in many countries kept the oppressed students under colonial domination and suppression.

EFF SC is a South African Movement with a progressive internationalist outlook, which seek to engage with progressive movements in institutions of higher learning outside South Africa and outside Africa

SECTION 1: Logo and Colours

The Logo of the EFF SC shall be the map of the Continent of Africa representing a commitment to its people, resources and humanity; The Continent will be coloured in green to signify the Land that must be restored to its people; from within the Southern tip of the Continent will be a black clinched fist signifying the unity in strength of the oppressed of the continent; The fist will carry a red pen signifying the new weapon to fight a modern struggle, mired in the blood of generations of fallen students who fought for freedom; At the bottom of the fist, shall be books; representing the significance of education, which can be used as a form of means of production to liberate the African people; Finally, at the northern tip of the continent shall be a gold star, representing the progressive internationalist character of our African Revolution, international solidarity and the pursuit of total emancipation of the oppressed peoples of the world.

SECTION 9: All Members of the EFF SC must take instructive note of and internalise the following:

1. The political line of the EFF SC is the fundamental and crucial factor in the interaction between EFF SC and the larger material world. It is the lifeblood of the organisation and should be at the heart of every member's activity and duties. The life of EFF SC and hence that of the revolution compels a very high level of commitment from each member which in turn shall be guided by the struggle to develop, grasp and apply our political line and through that process sharpen it.
2. In refining and carrying out the political line, EFF SC acts as a collective. Every member's actions in any given situation can make a huge difference—positive or negative. At the same time, the organisation is expected to enable its members to pull together so as to understand why it is necessary to struggle for and achieve our strategic goal of ECONOMIC FREEDOM IN OUR LIFETIME. Members are expected to channel their insights and initiative into a collective process and this in turn enables a more comprehensive analysis of reality, and a much more meaningful mobilisation of the students to transform that reality. This is way beyond what

- any single individual acting alone, or even a loose affiliation of individuals could ever achieve.
3. Inside the EFF SC, members are expected to thrash out their differences, be faithful to the revolutionary ideas of the organisation through good and bad times and through this whole process to protect each other. In this way we express our revolutionary outlook and collectively while at the same time boosting the morale of membership
 4. Also inside the EFF SC there should always be much collective discussion and struggle over ideas of what is to be done, over right and wrong ideas in the development of the revolutionary line and practice to which all members are expected to contribute; this is the life blood of the organisation. But against the ideological enemies of FREE QUALITY EDUCATION IN OUR LIFETIME we close our ranks as a collective forming an iron wall of unity and allegiance to the revolution and hence making it impossible for them to break our ranks
 5. Learning or education is an active process that requires members to self-develop and seek clarity where they don't understand or feel confused. Finally, the political development of each member is a revolutionary responsibility of all engaged in struggle.

SECTION 10: Members of the EFF SC are accordingly expected to:

1. Study and apply the theoretical line of the organization being Marxist Leninist and Fanonian tools in a living way;
2. Work for the interests of the vast majority of students of South Africa, Africa and the world;
3. Be willing and able to unite with the vast majority, including those who have been wrong in opposing them but are sincerely correcting their mistakes and hence showing remorse for their previous mistakes. However, members must vigilantly guard against elements of unrepentant opportunism, careerism, factionalism, reaction and revisionism so as to prevent such bad elements from infiltrating the leadership of the organization. This is a necessary prerequisite to ensure and guarantee that the leadership of the EFF SC remains always in the hands of revolutionaries;

5. Be bold in making criticism and self-criticism.
