

FUNDAMENTALS FOR STRATEGIC OVERSIGHT IN INFORMATION TECHNOLOGY FOR BOARD MEMBERS

2022 INTAKE

TUITION FEES R25 000*

ABOUT THE PROGRAMME

Information Technology (IT) is critical for any organisation to survive in this digital era. Board members, of both public and private sector organisations, therefore need to be empowered to drive digital transformation in organisations. IT needs to ensure it no longer only fulfills the traditional 'support function', but that it becomes a strategic enabler in the organisation; especially in the "4IR" (Fourth Industrial Revolution). Now more than ever, board members need to understand the digital IT fundamentals to be able to drive IT strategically at the highest level of the organisation.

The Advanced Short Course in Fundamentals for Strategic Oversight in Information Technology for Board Members will provide board members with the requisite skills that can help them to strategically drive digital decisions and effectiveness.

WHO SHOULD ATTEND?

This programme is aimed at Board members of organisations, Audit and Risk Committee Members, Senior Management in both the public and private sectors with limited or no ICT experience or background.

WHAT ARE THE BENEFITS?

After completing this programme, Board Members, managers or management teams should be able to contribute on how IT can strategically be at the forefront of organisations, being a significant enabler of the business. Participants of the program will be able to develop and leverage on the skills obtained from this course to ensure IT is a value adding function to the entire organisation.

ON COMPLETION

On successful completion of the programme, students will receive the Advanced Short Course in Fundamentals for Strategic Oversight in Information Technology for Board Members Certificate from the Unisa Graduate School of Business Leadership (SBL), an internationally respected educational institution.
