

Advanced course in university executive leadership 2019

11 LEADING tomorrow's universities

ADVANCED COURSE IN UNIVERSITY EXECUTIVE LEADERSHIP (ACUEL)

The main aim of the ACUEL is to assist the leadership team to understand and address the complexity and challenges of the contemporary university in a changing global and national higher education system, as well as creating a leadership pool for executive positions and succession planning at Universities. Its key purpose is knowledge and skills acquisition that will contribute towards establishing a more responsive and effective leadership team at Universities.

Advanced course in university executive leadership

Tuition fees: R38,800

ADMISSION

ACUEL is targeted at members of the Universities Executive and Senior Management Team.

ON COMPLETION

After completing this 6-month programme, the executive and senior management team at Universities will be equipped with up to date and relevant knowledge on the core components of leadership and management within the sector. It will also create an informed, holistic view of the leadership context and challenges, which facilitates a collective institutional and systemic approach and responses.

ASSESSMENT

Formative assessments (assignments) will be required per module together with a portfolio assessment.

Leading universities in complexity and change

MODULE

Operations and resource management in universities

WHAT ARE THE BENEFITS

The main aim of the ACUEL is to assist the participants in the leadership team of universities to understand and address the complexity and challenges of the contemporary university in a changing global and national higher education system.

REGISTRATION

The application and registration process for the ACUEL takes place from September 2018 until January 2019. Attendance at the ACUEL study school is compulsory and the dates thereof will be provided. Please note the Application Fee for 2019 is R160 and is in addition to the tuition fees.
